Performance & Adaptability

Simbrah Calves with 1/8 Red Angus

Louisiana Catahoula Female Puppies for Sale
2 Blacks, 2 Merles like their dam shown above.

Texas Red daughter

Becherovka daughter

Texas Sixty daughter

We started out in the cattle business with Simbrah bulls on commercial Red Brangus cows. The Simbrah-sired calves from these cows were outstanding! We decided to inject some additional top-quality Red Angus genetics back into a portion of our purebred Simbrah herd to further improve the marbling and tenderness of our cattle while retaining the heat tolerance, longevity and growth for which Simbrah are noted. We are very pleased with the results.

Purebred & Percentage Simbrah
